Sunshine Act

The Physician Payments Sunshine Act is a federal law that requires pharmaceutical and device manufacturers, under certain circumstances to publicly report any complimentary gift, food, beverage, non-CME certified education, or other item of value given to physicians. Some of the food, product theaters, and trinkets that may be available to you at this meeting have been sponsored by companies that may be required to report your receipt of that gift. APA recommends that you ask the person providing the complimentary item's whether your name will be reported under the Act before accepting complimentary products or food so that you can make an independent and educated decision to accept or not accept it.

APA signage will designate these events.
