

Diagnostic Codes that will now be accepted for Medicare Part B in 13 States

(Changes to Local Coverage Determination L35101, effective retroactively to December 31, 2015)

Claims for the below diagnostic codes submitted by mental health practitioners participating in the Medicare Part B program in 13 states will no longer be denied. Moreover, claims submitted since December 31, 2015, when the policy was enacted, that have been denied will be retroactively approved and paid. These have been updated to reflect DSM-5, the standard manual used in the U.S. to diagnose mental health conditions.

The affected states are Colorado, New Mexico, Oklahoma, Texas, Arkansas, Louisiana, Mississippi, Delaware, District of Columbia, Maryland, New Jersey, Pennsylvania, and three jurisdictions in Virginia: Arlington and Fairfax Counties, and the City of Alexandria.

Code	Disorder Title in <i>DSM-5</i>	Disorder Title in ICD-10-CM
F10.239	Alcohol withdrawal, without perceptual disturbances	Alcohol dependence with withdrawal, unspecified
F17.200	Tobacco Use Disorder, Moderate Tobacco Use Disorder, Severe	Nicotine dependence, unspecified, uncomplicated
F20.9	Schizophrenia	Schizophrenia unspecified
F31.9	Bipolar 1 Disorder, Current or most recent episode depressed, unspecified Bipolar 1 Disorder, Current or most recent episode hypomanic, unspecified Bipolar 1 Disorder, Current or most	Bipolar disorder, unspecified

	recent episode manic, unspecified Bipolar 1 Disorder, Current or most recent episode, unspecified	
F32.8	Other specified depressive disorder	Other depressive episodes
F32.9	Major Depressive Disorder, single episode, unspecified	Major depressive disorder, single episode, unspecified
F33.9	Major Depressive Disorder, Recurrent episode, unspecified	Major depressive disorder, recurrent, unspecified
F40.00	Agoraphobia	Agoraphobia, unspecified
F40.10	Social Anxiety Disorder (social phobia)	Social phobia, unspecified
F41.9	Unspecified Anxiety Disorder	Anxiety disorder, unspecified
F43.10	Posttraumatic Stress Disorder	Post-traumatic stress disorder, unspecified
F43.20	Adjustment Disorder, Unspecified	Adjustment disorder, unspecified
F43.9	Unspecified Trauma and Stressor Related Disorder	Reaction to severe stress, unspecified
F60.9	Unspecified Personality Disorder	Personality disorder, unspecified
F68.10	Factitious Disorder	Factitious disorder, unspecified
F80.9	Language Disorder	Developmental disorder of speech and language, unspecified
F90.9	Unspecified attention-deficit/hyperactivity disorder	Attention-deficit hyperactivity disorder, unspecified type
F91.9	Conduct disorder, unspecified onset	Conduct disorder, unspecified
G25.81	Restless Legs Syndrome	Restless legs syndrome
G47.21	Circadian rhythm sleep-wake disorders, Delayed sleep phase type	Circadian rhythm sleep disorder, delayed sleep phase type
G47.22	Circadian rhythm sleep-wake disorders, Advanced sleep phase type	Circadian rhythm sleep disorder, advanced sleep phase type
G47.23	Circadian rhythm sleep-wake disorders, Irregular sleep-wake type	Circadian rhythm sleep disorder, irregular sleep wake type
	Circadian rhythm sleep-wake	

G47.24	disorders, Non-24-hour sleep-wake type	Circadian rhythm sleep disorder, free running type
G47.26	Circadian rhythm sleep-wake disorders, Shift work type	Circadian rhythm sleep disorder, shift work type
G47.31	Central sleep apnea, Idiopathic central sleep apnea	Primary central sleep apnea
G47.33	Obstructive sleep apnea hypopnea	Obstructive sleep apnea (adult) (pediatric)
G47.34	Sleep-related hypoventilation, Idiopathic hypoventilation	Idiopathic sleep related nonobstructive alveolar hypoventilation
G47.35	Sleep-related hypoventilation, Congenital central alveolar hypoventilation	Congenital central alveolar hypoventilation syndrome
G47.36	Sleep-related hypoventilation, Comorbid sleep-related hypoventilation	Sleep related hypoventilation in conditions classified elsewhere
G47.37	Central sleep apnea comorbid with opioid use	Central sleep apnea in conditions classified elsewhere
G47.411	Narcolepsy with cataplexy but without hypocretin deficiency	Narcolepsy with cataplexy
G47.419	Autosomal dominant cerebellar ataxia, deafness, and narcolepsy Autosomal dominant narcolepsy, obesity, and type 2 diabetes Narcolepsy without cataplexy but with hypocretin deficiency	Narcolepsy without cataplexy
L98.1	Excoriation (skin-picking) Disorder	Factitial dermatitis
N94.3	Premenstrual Dysphoric Disorder	Premenstrual tension syndrome
R06.3	Central Sleep Apnea, Cheyne-Stokes Breathing	Periodic breathing
R41.83	Borderline Intellectual Functioning	Borderline intellectual functioning
T43.205A	Antidepressant discontinuation syndrome, Initial encounter	Adverse effect of unspecified antidepressants, initial encounter

T43.205D	Antidepressant discontinuation syndrome, Subsequent encounter	Adverse effect of unspecified antidepressants, subsequent encounter
T43.205S	Antidepressant discontinuation syndrome, Sequelae	Adverse effect of unspecified antidepressants, sequela
T50.905A	Other adverse effect of medication, Initial encounter	Adverse effect of unspecified drugs, medicaments and biological substances, initial encounter
T50.905D	Other adverse effect of a medication, Subsequent encounter	Adverse effect of unspecified drugs, medicaments and biological substances, subsequent encounter
T50.905S	Other adverse effect of a medication, Sequelae	Adverse effect of unspecified drugs, medicaments and biological substances, sequela

These additions are reflected in Local Coverage Determination (LCD) L35101. The entire LCD can be found at [cms.gov](https://www.cms.gov).

To view the full list of psychiatric codes covered, you will first be required to accept the terms and conditions of the website. Once you have accepted the conditions, and the LCD page appears, scroll down to the section titled: ICD-10 Codes that Support Medical Necessity. Next to “show entries”, choose “show entries 1-1500.”
