Protect Yourself From Hotel Scams!

onPeak is the only official hotel provider associated with the 2019 Annual Meeting. Hotel reservations made outside of the official 2019 Annual Meeting hotel block can

be risky: tradeshowers are often uniquely targeted by companies who can put you at risk of being stranded without hotel rooms and lost deposits. Please do not become a victim of these companies and their scams.

Visit the official reservation site of the 2019 Annual Meeting or call onPeak directly to secure your worry-free reservation.

Why Book With APA

Here's how you and APA benefit when you stay at the hotels included in the 2019 Annual Meeting hotel block:

1. APA has contracted hotel rooms at discounted rates on your behalf. If our contracted housing obligations are not met, we pay substantial penalty fees to the hotel. This will require us to increase registration rates in the future to cover such penalties.
2. The hotel provides APA with complimentary meeting space, which keeps the registration fees low. However, we must utilize a certain number of contracted sleeping rooms in order to receive the space complimentary.
3. We are able to monitor attendance through our room block. This enables us to be better prepared and helps with cost containment.
4. APA's business value to a city is measured by the

total number of sleeping rooms actually booked inside our contracted room block, as well as our spending on other services at the hotel. Booking within our block helps us to maintain our strong business value, which is critical to our negotiations with future cities and cost-containment efforts.
