Position Statement on Residency Training Needs in Addiction Psychiatry for the General Psychiatrist

Approved by the Board of Trustees, December 2014
Approved by the Assembly, November 2014

"Policy documents are approved by the APA Assembly and Board of Trustees...These are...position statements that define APA official policy on specific subjects..." – APA Operations Manual.

General psychiatry residency training programs should optimize training such that general psychiatrists are competent in providing screening, brief intervention, referral to treatment (SBIRT); management of psychoactive substance intoxication and withdrawal; evidence-based pharmacotherapy for substance use disorders; management of co-occurring substance use and other psychiatric disorders; and should have exposure to evidence-based psychotherapy and other psychosocial interventions for substance use disorders such as motivational interviewing, cognitive-behavioral therapy, twelve-step programs, among others.
