

# Tax Reporting and District Branch & State Association Tax Status Information 2018 – US and Canada

## IMPORTANT TAX REPORTING INFORMATION

- As a 501(c)(6) organization, the **national** dues are **not** deductible as a charitable contribution for federal income tax purposes. However, they may be deductible as ordinary and necessary business expenses. An amount equal to your national dues multiplied by 9% is **not** deductible because it represents the estimated portion of dues used for lobbying expenses for the national office.
- The tax status of your **district branch** (see table below) is either 501(c)(3) or 501(c)(6) and determines how you report dues on your personal income tax return. If your district branch is a 501(c)(3) organization, your dues may be deductible as a charitable contribution to the extent that they exceed the amount listed in the **Tax Info** column for your district branch.
- Dues, contributions or gifts to district branches that are 501 (c)(6) organizations are not deductible as charitable contributions for federal income tax purposes. However, they may be tax deductible as ordinary and necessary business expenses. An amount equal to your DB dues multiplied by the percentage listed next to the tax status is **not** deductible because it represents the estimated portion of dues used for lobbying expenses by the DB. The nondeductible amount may include amounts attributable to the prior year's lobbying expenses that exceeded the estimate given for that year.
- The NYSPA and CPA are both 501(c)(6) organizations and therefore follow the rules for 501(c)(6) organizations as noted above. The percentage of estimated NYSPA dues used for lobbying expenses is 40% and for CPA the estimated amount is 55%.
- Please contact your accountant or other advisor for tax advice.
